## PRODUCT BESCHRIJVING

The Altech Max W Depot soapstone wood stove is one of the popular models in the Max Series. The Max W depot is characterised by its oval design. Because of this design, this appliance boasts a beautiful wide view of the fire. These features combined with its high efficiency and the use of soapstone combined with steel make this stove very popular.

## THE SLEEKEST SOAPSTONE STOVE ON THE MARKET

For the first time in Altech's 40-year history of making soapstone stoves, we decided to release a model with a steel frame. Thanks to this steel frame and the recessed soapstone, the Altech Max features the sleekest design of the entire soapstone stove assortment.

With an output of 3 to 8.5 kW, the Max can fill both small and larger rooms with delightful, infra-red heat. The wood-burning stove is easy to use. You can operate the integrated door handle and air supply slide using the included wrench. The base model is fitted with legs, the Max W depot stands a little higher due to

## ENJOY THE WONDERFUL WARMTH OF SOAPSTONE WITH THE ALTECH MAX B PELLET

The Altech Max B is mostly made of [soapstone](#). The unique thing about this material type is that soapstone stores heat and radiates it evenly. This heat is comparable to the infra-red heat of the sun. Infra-red heat is the most natural heat there is, and heats up the objects in a space. The heat feels like a blanket wrapped around you, and heats up your entire body and surroundings.
