

NOBLÈS DEPOT

The Noblès Depot is one of the smallest soapstone wood-burning stoves in the Altech family, but this does not detract from its performance. The Noblès Depot is one of the smallest soapstone wood-burning stoves in the Altech family, but this does not detract from its performance. The Noblès is highly suitable for insulated, modern houses. Also due to the 5.5 cm thick solid soapstone walls , you can enjoy delightful heat for hours after the fire has been extinguished. This means you can use your stove economically and responsibly! PRODUCT BESCHRIJVING

Enjoy the flames to the fullest

In addition to the delightful, intense heat produced by the Altech Noblès, this stove also allows you to enjoy the wonderful flames to the fullest. The Noblès features a large window, which offers a great view of the fire. And the Nobles depot, with wood storage, allows you to follow the fascinating play of flames even better.

Easy to operate

The Noblès is very easy to operate thanks to the convenient single-button controls. On top of that, this model comes with an outdoor air supply connection and an ash pan by default, among other accessories. De fraaie vormgeving is tijdloos en geschikt voor elk type interieur.Its beautiful appearance is utterly timeless and suitable for any interior.

Multiple colours and options available

The Altech Noblès is available in two colours: natural soapstone with anthracite cast iron and uniform black. Both the soapstone and the cast iron of the uniform black version are spray painted black. The ash lip and the extension feet are optional and are supplied separately.
